LFRW OUTREACH TO COLLEGE STUDENTS AND TEENAGE REPUBLICANS COMMITTEE

The work of this Committee includes:

- * to support young conservatives on Louisiana college campuses
- * to make LFRW known to college students
- * to work with them to spread the Republican message and to enlist their help during elections

The Committee is charged with contacting the officers of the College Republicans on campuses around the state, distributing the names of these leaders to clubs nearby to their campuses so that LFRW clubs can aid them when needed. The Committee will also publicize any event that the College Republicans are sponsoring, so that our members can assist them whenever needed.

The Committee also encourages LFRW members to attend workshops or meetings of Republican college groups and seeks their help at LFRW meetings and projects. The Committee should also encourage them to apply for scholarships, workshops or internships offered by conservative organizations, LFRW, NFRW, Congressional offices, or the RNC.

The purpose of the Teenage Republicans Committee is to assist existing Teenage Republican clubs and/or provide resources and advice on starting a new club. While there is no state federation in Louisiana, the committee facilitates a statewide event for all of the state clubs. The Committee publicizes any event that the Teenage Republicans are sponsoring and encourages LFRW members to assist them whenever needed. The Committee also encourages LFRW members to seek the assistance and participation of Teenage Republicans in LFRW meetings, events, and projects.

The Chair of the Teenage Republicans Committee for 2015-2017 is Linda Vinsanau, 504-909-9927, from Metropolitan Republican Women. <http://www.teenagerepublicans.org>

“Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free.” Ronald Reagan
